TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough and in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said town on Tuesday, the twelfth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year, including a member of the Board of Selectmen for three years.

2. To see how much money the Town will vote to raise and appropriate for the Goffstown Public Library.

3. To see if the Town will vote to raise and appropriate the sum of three thousand (\$3,000) dollars, as recommended by the State Highway Commissioner, for the maintenance of our State Aid Highways, the State to furnish an equal sum.

4. To see what sum of money the Town will vote to raise and appropriate for improvements in our cemeteries, including painting the iron fencing.

5. To see if the Town will vote to raise and appropriate the sum of two thousand, six hundred and sixteen (\$2,616) dollars, the State to contribute thirteen hundred and eight (\$1,308) dollars, to continue the construction of the State Aid Highway from Goffstown Village to the Dunbarton line over Pattee Hill, so-called.

6. To see if the Town will vote to raise and appropriate the sum of one hundred dollars for band concerts.

7. To see if the Town will vote to maintain two new hydrants on College Road, one at the junction of Heald Street and said road and one at the end of the tarvia on said College Road.

8. To see what sum of money the Town will vote to raise and appropriate for the suppression of the White Pine Blister Rust; the State will furnish twenty-five per cent additional to amount raised by Town.

9. To see if the Town will vote to install and maintain two electric lights, one at the junction of Desaulnier St. and Mast Road, so-called, and one opposite the Car Barn on said Mast Road. Petition for said article signed by Joseph E. Roy and others.

10. To see if the Town will vote to instruct its Selectmen to lay out a street known as Warren Avenue and shown on the plans of the Metropolitan and Otis H. Perry Land Co., known as Pine Hill and College Hill, respectively.

11. To see if the Town will vote to have its Selectmen buy a tractor and snowplow for the purpose of clearing the snow from our highways in winter and the tractor to be used for such work as may be expedient during the summer season, and to raise and appropriate money for the same.

12. To see what amount of notes the Town will vote to issue, the proceeds of which shall be used to defray the expense incurred on account of the construction of the new bridge over the Piscataquog River in Goffstown Village.

13. To raise and appropriate such sums of money as may be necessary for the support of the poor for the repair of highways and bridges, and for Memorial Day and other legitimate Town expenses for the ensuing year.

14. To hear the reports of Agents, Auditors and committees and pass any vote relating thereto.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February, 1929.

GEORGE L. EATON,
LESTER CLARK,
Selectmen of Goffstown.

A true copy of Warrant. Attest:

GEORGE L. EATON,
LESTER CLARK,
Selectmen of Goffstown.

RECORD OF TOWN MEETING.

March 13, 1928.

Meeting called to order at ten o'clock in the forenoon by Moderator Alfred W. Poore. The warrant was read and check lists posted.

ARTICLE 1. Upon motion made by Robert M. Gordon, voted that the polls be now open for voting and that they be closed at six o'clock P. M. and that the articles relating to appropriations be taken up at one thirty o'clock P. M. The following officers were chosen in open meeting:

For Cemetery Trustee for Three Years—Frank A. Parker.

For Surveyors of Lumber and Corders of Wood—F. Arthur Bartlett, B. F. Greer, Will A. Paige and Robert L. Shirley.

For Auditors—Frank A. Parker, Frank N. Simons, and Shirley M. Johnson.

For Fence Viewers—The members of the Board of Selectmen.

ART. 2. Upon the motion made by George L. Eaton, voted that the Town raise and appropriate the sum of \$700 for the Goffstown Memorial Library.

ART. 3. Upon motion by George L. Eaton, voted that the Town raise and appropriate the sum of \$3,000 for the maintenance of our State Aid Road.

ART. 4. Upon motion by E. W. Goodwin, voted that the Town raise and appropriate the sum of \$1,600 for the purpose of completing the fences at Westlawn and Hillside Cemeteries.

ART. 5. Upon motion by C. B. Pattee, voted that we raise and appropriate \$2,611 to continue construction of the State Aid Highway from Goffstown Village to the Dunbarton line over Pattee Hill, so-called.

ART. 6. Upon motion made by J. W. Childs, voted that the Town raise and appropriate the sum of \$6,000 for the purpose of completing the State Aid Highway leading from Goffstown Village to the Dunbarton line and to comply with the provisions of the law for the purpose of procuring State Aid for the same.

ART. 7. Upon motion made by Robert M. Gordon, voted that the Town raise and appropriate the sum of \$250 for the control of the White Pine Blister Rust, the State to contribute twenty-five per cent additional.

ART. 8. Upon motion made by Robert M. Gordon, voted that the Town raise and appropriate the sum of \$1,500 to be added to the sewer fund.

ART. 9. Upon motion made by N. A. Tirrell, voted that the Town act favorably on this article.

ART. 10. Upon motion made by C. B. Pattee, voted that the Selectmen be instructed to comply with this article.

ART. 11. Upon motion made by B. F. Greer, voted that the Town raise and appropriate the sum of \$2,500 for the purposes mentioned in this article.

ART. 12. Upon motion made by E. B. Bowie, voted that it is the sense of the voters that the Town purchase a motor road grader.

Upon motion made by George L. Eaton, voted that money for the purchase of the motor road grader be taken from money otherwise appropriated.

ART. 13. Upon motion made by George L. Eaton, voted that the Town raise and appropriate the sum of \$75.00 for Memorial Day.

Upon motion made by George L. Eaton, voted that the Town raise and appropriate the sum of \$50,000 to defray Town expenses, the sum to include all appropriations heretofore made.

ART. 14. Upon motion made by C. B. Pattee, as amended, voted that the Selectmen be authorized to deal with the Public Service Co. of N. H. in regard to damage to town property resulting from the erection of their high tension lines and that the money received for such damage to the Barnard Playground be turned over to the Playground Commissioners to be used in part for lights to be installed on the Playground.

Upon motion of George L. Eaton, voted to authorize the Selectmen to issue short term notes in anticipation of taxes.

Upon motion made by Robert M. Gordon, voted that the next Town Meeting be opened at ten o'clock in the forenoon.

Upon motion made by R. E. Wakefield, voted that a committee of three be appointed to investigate the matter of street lighting in the village and outside districts and report at the next meeting and if deemed advisable see that an article is inserted in the warrant for the next meeting, relating thereto.

The following were appointed by the Moderator to serve on said committee: R. E. Wakefield, Frank N. Simons, and Lucien W. Bartlett.

Returned to Article 1.

At six o'clock P. M. the polls were closed and the ballots counted, with the following results:

RECORD OF SPECIAL TOWN MEETING.

August 2, 1928.

Meeting called to order by Moderator Alfred W. Poore and warrant read.

ARTICLE 1. Upon motion made by L. O. Prince, voted that the Selectmen be instructed to build a new bridge at point where bridge is now located and that the same be a cement arch bridge.

E. W. Goodwin moved that the bridge be built the same width as the present bridge.

F. W. Kendall offered an amendment to Mr. Goodwin's motion to the effect that the bridge be built not narrower than the present bridge and that the width be left to the discretion of the Selectmen. After some discussion Mr. Kendall withdrew his amendment. Mr. Goodwin's motion was then put to vote and was not carried.

Voted that the bridge be built as wide and wider if possible than the present structure.

ART. 2. Upon motion by F. W. Kendall, voted that the Selectmen be authorized to give notes for such sums of money as they find necessary for the construction of said bridge and approaches, and that it is the sense of this meeting that we raise \$1,000 on the principal at our next March meeting and \$1,000 at each March meeting thereafter until the amount with interest has been paid.

Voted that the Selectmen be authorized to acquire the piece of land between the R. R. Bridge and the Highway Bridge on the north side of the river.

Voted to adjourn at 3:15 P. M.

Auditors.

**REPORT OF GOFFSTOWN VILLAGE
FIRE PRECINCT**

**Fire Wardens
and
Water Commissioners**

REPORT OF THE FIRE WARDENS OF THE GOFFSTOWN VILLAGE FIRE PRECINCT.

For the Year 1928-29.

Our department has been called out more than 40 times during the past year—mostly chimney fires. We have also been called to Dunbarton on three different occasions. Our only damage to precinct property was at the home of Will Richards, mostly caused by smoke and water.

The Board of Fire Wardens have decided to make a semi-annual inspection of all halls and public buildings and we trust the general public will co-operate with us in trying to eliminate all unnecessary causes of fire.

PETER W. PATTEE,
W. A. PAIGE,
H. J. RICHARDS,
H. M. SMITH,
W. A. MARTIN,
Fire Wardens.

Our debt to the Manchester Savings Bank is now (\$41,000) forty-one thousand dollars in bonds, due August 1, 1941, and a (\$1,500) fifteen hundred dollar note.

REPORT OF WATER COMMISSIONERS.

The Board of Water Commissioners respectfully submit their thirty-eighth report.

There has been extra expense for putting a temporary pipe across the river to take the place of the old one while the new bridge was being built, also for a new permanent pipe.

There have been two new hydrants set during the year, also one twelve-inch gate.

Total number of meters, 348; taps, 360; hydrants, 60.

Pipes and fittings on hand: 60 feet 10 inch; 24 feet 6 inch; 286 feet 4 inch; 1 12 inch turn; 2 10 inch turns; 2 10 inch sleeves; 2 6 inch sleeves; 2 4 inch sleeves; 1 6 inch tee; 2 45 degree elbows; 2 hydrant bases; 1 hydrant.

Water collections for July, 1928	\$3,192.74
--	------------

Water collections for January, 1929	364.54
---	--------

Total	\$3,557.28
-------------	------------

PETER W. PATTEE, *Chairman*
OTIS F. SUMNER, *Sec'y and Coll.*
FRANK A. PARKER, *Treas.*
FRANK W. KENDALL,
WILLIAM E. BLAISDELL,
Water Commissioners.

AUDITOR'S REPORT.

This is to certify that I have examined the accounts of the Treasurer of the Goffstown Village Fire Precinct, the Treasurer of the Water Board, and the Collector, and find them correctly cast and properly vouched.

GEORGE L. EATON,
Auditor.

HEALTH DEPARTMENT.

February 23, 1929.

Only a few cases of scarlet fever and sixteen cases of measles have been reported to this office the past year.

Two dogs with rabies were killed, and the persons bitten by these mad dogs were given the fourteen-day treatment as a precautionary measure.

In the Spring, under the supervision of the State Board of Health, many of the school children were inoculated against diphtheria and in November the Schick test was given; the result showed that 134 received the test.

Babies (under 1 year)	2
Pre-school age	27
School age	103
Adults	2
Number of Schick positive	10
Number of Schick negative	121

Eight of the positive were children who had not received the anti-diphtheria serum, leaving two actual positive cases. This is a remarkable showing. These treatments are not compulsory but are given free by the State Board of Health to all children who desire to be immunized against diphtheria.

Many samples of drinking water have been analyzed and a report of milk quality sold by retail dealers is on file in my office. An inspection of barns has been made. Some milkmen were found producing milk under very unsanitary conditions.

Nearly all the herds in town have passed the Federal test for T. B. and we trust that it won't be long before the rest will be tested. Request your milkman to furnish tuberculin tested milk.

ROBERT M. GORDON,
Health Officer.

REPORT OF THE RECREATION COMMISSION FOR THE CARE OF BARNARD PLAYGROUND.

The Park Commission met, as in previous years, when occasion demanded.

The pond was drained and dredged about the middle of June, and due to the rainfall following, offered better swimming facilities than ever before. A great many children of all ages, often accompanied by parents, availed themselves of the opportunity of swimming and bathing in this safe pool.

To the tennis court an additional wire guard was added and the court was patronized more than heretofore.

The local baseball team belonging to the Contoocook Valley League again held its home games here, with its usual splendid attendance.

The grand stand was repaired and painted and also the playground equipment.

Ten Arbor Vitae trees were set out in hedge form near the children's playground equipment, making a more secluded corner for the younger children.

For the first time in ten years Goffstown enjoyed a real Fourth of July celebration, held at the playground, beginning early in the morning and continuing until a late hour. The day's program was sponsored by the Wesley Wyman Post and Auxiliary Unit. All organizations and stores were represented in the floats in the parade that opened the day's program. Sports and games were enjoyed in the afternoon. A concert was given in the evening, followed by moving pictures, a grand display of fireworks wound up the affair.

Refreshments were served at the various stands.

A lighting system had been installed just in time for this eventful day. All Goffstown seemed to have turned out for the occasion and the surrounding towns were also well represented.

The Barnard Playground proved an ideal spot to hold such a celebration.

Several local picnics, also Community Services, were held during the summer season.

During the past winter months ice-skating has been much enjoyed on the pond, a perfectly safe place for children of all ages.

The Commission hopes that the popularity of the playground will increase as it has from year to year—becoming more and more the playground of all Goffstown.

Mrs. Ruth B. Luscombe and Robert Matherson were re-appointed by the Selectmen to serve three additional years, respectively.

LINA R. LAMSON,
Secretary-Treasurer.

REPORT OF THE TRUSTEES OF GOFFSTOWN MEMORIAL LIBRARY.

The last year has shown an increase in the interest shown by our townspeople in the library. With Miss Louise Marden as librarian and Miss Annie Harrington as assistant, the work has been very ably handled.

Miss Marden attended a meeting of New England librarians held at Portland, Maine, which always gives new ideas and ways of making the library useful and interesting.

There have been two exhibits held during the past year—one an exhibit of curios from Egypt and Palestine and the other one of rugs and hand work. A wild flower contest was also held among the children, which has served to increase their interest and knowledge along this line.

There has been a gratifying increase in the number of non-fiction books taken out during the year. This, we feel, is largely due to a better understanding and appreciation by the school children of the value of the library as a help to our educational system. We have also tried to provide those who desire fiction with the best we could procure.

The demand for new books exceeds our ability to supply them but we hope during the next year to be able to supply more of the books requested of us.

During the last year shrubs have been set out and the lawn laid down new, which will greatly add to the looks of the grounds. We have also endeavored to keep the building in good repair.

We wish to thank the Unity Club for the shrubs and all those who have in any way contributed to the library's usefulness.

MARY A. WARREN, *Chairman.*

RUTH B. GAGNON, *Treas.*

	\$1,087.93

RUTH B. GAGNON,
Treasurer.

REPORT OF TRUSTEES OF CEMETERIES.

During the past year many improvements have been made in our cemeteries and they are at the present in better condition than they have ever been. The lawns required more mowing last year at a slight increase in expense over previous years. New lots have been laid out in both Westlawn and Hillside cemeteries and new iron fences have been erected, adding much to their appearance.

The fences at both cemeteries will need painting the coming summer, and money to defray that expense will need to be raised at our next annual March meeting.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens of Goffstown Independent School District:

TEACHERS.

The school year began in September with but one change among the Elementary teachers—Mrs. Mildred Stiles came to the work in Grades five and six. Mrs. Stiles is a Normal School graduate, and had successful teaching experience before coming here.

In the High School two changes came about. Miss Ruth Cheney of Manchester is now teacher of French and English and one class in Latin. Miss Hulda Anderson has charge of the Commercial work, and has also coached the girls' basket ball team. Both Miss Anderson and Miss Cheney have had previous teaching experience.

THE SCHOOL YEAR.

For the past several seasons, an increasing number of school districts over the State have been trying to arrange a school calendar which would provide for thirty-six actual weeks of school. This District has reduced the number of "no school" days due to holidays or bad weather, until this present year if no epidemic occurs or an unusual stretch of bad weather, there will actually be thirty-six weeks, or one hundred eighty school days. Our school calendar in the last few years has covered thirty-six weeks, but after certain unavoidable holidays were taken out, and Institute days for teachers, we were just about one week short. The practice of closing schools on account of bad weather is

now almost as obsolete as "boarding 'round" of the teachers of years ago. The better practice is to go ahead regardless of weather. Usually, in cases where the schools are closed, some of the farthest away pupils come anyway. Even if half of the pupils cannot, or do not come, it is not necessary to deprive the other half of the day which is all arranged and paid for.

GRADUATES.

Last June, sixteen pupils completed the work of Grade eight. Of these, fourteen entered the High School here. And both of those who moved away, I believe, entered Manchester High Schools. It now frequently happens that a group of elementary graduates all enter High School. Not many years ago, a very common notion was that if young people finished the "grades" that was sufficient. But notice now how year after year nearly all of those who finish the elementary work go on to High School. Parents, most of them, feel that at least their children should have a High School training. This is indicative of a new conviction regarding actual worth of the time spent in the public schools, and in this connection note also the increase in the number of those who graduated from High School and who continue study in universities or colleges or in schools of music or normals, or in some vocational line.

In New Hampshire the feeling seems to be that the state has provided elementary and High School opportunities and has also a similar obligation to provide normal schools and a State University, where, in addition to usual college work, many specialized and vocational courses are given. Witness the growth of the two normal schools and the State University in response to this demand.

Of the High School graduates of last June, Margaret Bartlett is a student at the New England Conservatory of Music in Boston,—Louise Lovell will enter New Hampshire University next fall,—Ivy Cutting, Mary Grady and

Ethel Parker are students at Plymouth Normal School. Arlene Colburn, Wesley Hodgman, Arthur Blair and Flavia Sawyer are students at Hesser's Business College in Manchester. Fanny Hall is studying at the Manchester Institute. This indicates that the High School is no longer the end of educational necessities or desires. There are annually in New Hampshire about twenty-five hundred High School graduates. Of these, about half go on to post-secondary institutions, and of this half, two-thirds attend New Hampshire institutions.

NEW HAMPSHIRE SCHOOLS AND THE LAW-MAKERS.

As this is written, the New Hampshire Legislature is in session. Some questions are being raised which should have the attention of all interested in the Public Schools. A bill introduced at the beginning of the session rushed through the House under a suspension of rules, and, although somewhat less hurriedly, was passed quickly by the Senate, authorizes the Governor to arrange for an "investigation and appoint, or select, investigators to examine certain phases of work done at the University of New Hampshire and at the State Normal Schools in Keene and Plymouth." It is stated that there is a "duplication" of work in these institutions. There is also an appropriation of \$2,500 for this investigation.

If information and facts in the case were desired by anyone or any group, these could have been secured from the State Board of Education. They have the facts and figures and policies, which are accessible to anyone. Even facts and figures have little significance unless there is someone who knows what they mean and how to interpret them. But before the bill was hustled in, there was no request on the part of the Governor or anyone in the Legislature for any information whatever concerning these matters, even though the facts were right at hand. There is no quarrel on between the State University and the Normal Schools. They are all a part of the State School

System. They all contribute to the educational welfare of the State. But the State University does not attempt to train teachers for the elementary schools. To train teachers for these grades, New Hampshire, like all progressive states, has provided Normal Schools, or as frequently called, "Teachers' Colleges." These Normal Schools are strictly Professional Schools, just as truly as law schools or medical schools are "Professional Schools." The sole business of these Normal Schools has been, until rather recently, the training of elementary teachers, who have followed a course covering two years of study and practice. Then a three-year course was added, which provides preparation for teachers for certain subjects in Junior or Senior High Schools. Then, still later, a four-year course was offered by the Normal Schools, to fit teachers for regular Junior or Senior High School work. In New Hampshire, most of the High Schools are small, and require that a teacher be able to teach more than one subject. Somehow the impression seems to have gone abroad that all teachers are now taking the full four-year Normal course—in fact, that these Normal Schools are being made over into Women's Colleges.

Both these assumptions are wrong—in the Normals, by far the greater number of students are taking the two-year course. This group will provide teachers for the rural schools and the grades in the city schools. A much smaller number take the three-year course, which prepares for certain High School work, such as Domestic Arts, Mechanic Arts, or Commercial work in the regular High School course. A still smaller number take the four-year course to prepare themselves for either Junior or Senior High School work. The number of students in the four-year course is closely limited, and likewise the number in the two and three-year courses is also guarded, the idea being that the number graduated each year from these various courses should provide recruits for the annual turnover or loss in the State, approximately 2,500

elementary and 800 High School teachers. Up to this time, the number of graduates from the Normal Schools, plus the number trained for school work by the State University, has not been equal to the demand of New Hampshire schools, so that each year a considerable number of teachers from colleges and universities and Normal Schools outside the state have been brought into New Hampshire schools as teachers.

The work of the Normal School differs from that of the State University in this particular. The Normal student trains to be a teacher or a "teaching specialist." The University gives a wide academic range, more of the college background, and provides for "subject-specialists" rather than teaching specialists. The aim of these institutions is not the same. They do not do the same work. They do *not* duplicate.

Another item. It has been suggested that in order to save money for the school districts there should be a "purchasing agent" at Concord who would buy all the "supplies" for all the schools of the State. What likelihood is there that a "purchasing agent" at Concord, with the necessary office and office force, and storage rooms for a considerable amount of supplies, with arrangement for quick re-shipping of goods to the various districts, would save any money in the end? As matters stand at present, the Superintendents purchase books and supplies. Every bill for these items is passed by the Superintendent to the School Board for inspection. If they feel, or have any reason to believe, he is paying more than the market price, or is buying unwisely, they have the right and opportunity to check up and raise any question regarding any item at any time. Here is a close, responsible relationship—much easier to check up than with an absentee "agent." Not only so, but there would be delays, annoying delays, when as often occurs, supplies are needed and needed at once. This whole "purchasing agent" idea is a form of centralization which neither School Boards

or citizens desire. The Superintendents of the State have access to all legitimate avenues for purchases that are open to any purchasing agent, free from elements of influence that often surround a "purchasing agent's" job.

The work of the schools this year is proceeding splendidly and quietly—not receiving an over-amount of attention of parents and friends. There are not the number of visitors that we would like to see. This past year we omitted the evening session which we have had in two previous years, because it entails more or less work for the teachers and breaks somewhat into school plans, and we felt that those sessions had accomplished what we set out to do at that time—namely, to get parents and friends into the buildings to see their children as they work, and where they work and under whom they work. This year we did not feel that much was to be gained by such an evening session, and accordingly omitted it. With all concerned in the handling of the schools, the chief consideration is what we consider to be the schools' chief business—and that is the fitting of young people to take an intelligent place and part in community matters. But we desire and need the active and continuing co-operation of all.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent of Schools.

CHAS. F. WHITE,

Treasurer.

AUDITOR'S REPORT.

I hereby certify that I have examined the accounts of Charles F. White, Treasurer of the Independent School District of the Town of Goffstown, and find the vouchers satisfactory and footings correct.

GEORGE L. EATON,

Auditor.

Goffstown, N. H., September 13, 1928.

REPORT OF SUPERINTENDENT OF SCHOOLS. GOFFSTOWN, TOWN DISTRICT.

To the School Board and Citizens:

SCHOOLS.

With Miss Blake at Parker's, Miss Mansfield at Shirley Hill, Miss Healey at East Part, Mrs. Gilmore and Miss McLain at Grasmere, Mrs. Michie, Miss Paige, Miss Whitney and Miss Carpenter at the Bartlett School, it will be noted there have been no changes from last year except the addition of Miss Paige. Last year three teachers were sufficient to take care of the pupils at the Bartlett building, but at the beginning of school last September, it was necessary to open up the remaining room for Grades 4 and 5. Miss Paige took charge of this new group. More than one hundred different pupils have enrolled this year at this building. This is more than at any preceding time. The fact that quite a number of these pupils had never before been in the public schools has made some rather difficult teaching problems.

BUILDINGS.

A year ago, money was voted for the remodeling of the Parker's building. During last summer the work was done. Two supporting posts in the room were removed, the old floor leveled up, a new hardwood floor laid over it, windows fixed up and a new one added on the west side; the old entry was closed, and a new one built at the southeast corner of the building. By rearranging partitions, room for wraps was provided, as well as room for wood and another place for kindlings. Walls and ceilings were repaired and painted, and the building also painted outside. Altogether, the old building was given a very thorough overhauling, with the result that now we have a clean, light, comfortable room.

The building at East Part was also given some "finishing touches." At this building, owing to the removal of a number of pupils, only four are enrolled at present. Should this small number remain in the fall, some arrangement would need to be made to transport them elsewhere.

THE SCHOOL CALENDAR.

The School Board has put into effect this year a "School Calendar," which will give a school year of 36 actual weeks of school. This means 180 days of school after unavoidable holidays and days for Teachers' Institutes are taken out. While for a few years the school year embraced more than 36 weeks, after losses for holidays and Institutes and other causes, the result was that about 35 weeks of school were left. The State requirement calls for 36 weeks, and unless some wholly unforeseen matter arises, the schools in this district this year should provide actually 180 school days. There are comparatively few districts where this requirement is not met. On the other hand, it will place the schools here in the high ranking group in this regard.

HEALTH SUPERVISION.

Dr. Ferguson has been acting as School Physician again this year. In addition to the usual physical examinations in the fall he is rather frequently called some time for emergency treatments and in some cases other needed treatment. The follow-up work and home visitation is carried on by Miss Edith Walker, School Nurse. During this year the State Board of Health, co-operating with local organizations and the School Nurse, administered the toxin anti-toxin treatment to a number of children of pre-school and school age. This group, in addition to the group treated two years ago, afford a quite certain barrier against any diphtheria epidemic.

Any school district failing to make adequate provision for Health Supervision of pupils would be considered as failing in one of the school requirements today.

TRANSPORTATION.

One of the items in the school budget that has been increasing for some years is the amount asked for transportation of pupils. Perhaps it may be asked, why not open up some of the one-room buildings that have been closed? The answer is, that not one of these buildings, if opened, would relieve the expense item. The pupils are so scattered that there is no one school which would be accessible to but a few only. This would increase costs rather than lessen them, as any small school costs approximately \$1,000. Neither has it been, or is it now possible to combine these transportation routes, for no two are from the same vicinity. And now, in addition to the usual carrying cost, comes the charge for liability insurance for the carriers, and in the end part of this has to be paid by the School District.

LAWMAKERS AND THE NEW HAMPSHIRE SCHOOLS.

Those interested in this will find some comments if they will turn to my report to the Independent School District. This avoids duplication here, as the items would be just the same.

PARENT-TEACHER ASSOCIATIONS.

Perhaps the example of the parents and "friends" at Parker's Station in organizing, a year ago, a Parent-Teacher Association may prove to be a helpful suggestion to other groups. Such an organization through its meetings provides a natural place for a wholesome interchange of opinion and affords a means of better acquaintance for those interested in the public schools. This idea is to be commended.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent of Schools.

REPORT OF SCHOOL BOARD.

GOFFSTOWN TOWN DISTRICT.

We hereby submit the seventy-eighth annual printed report of the Town schools, the forty-eighth of the School Board and the tenth under professional supervision.

On the evening of May 8, the Supervisory Union met at New Boston and re-elected Mr. J. Byron Tarney Superintendent of Schools for the ensuing year.

Nine pupils completed the required work of the eighth grade and were given certificates of graduation on the afternoon of June 14th, the exercises being held in the hall at Grasmere. The class comprised two pupils from Shirley Hill, four from the Bartlett School, two from Grasmere and one from Parker Station.

We believe our schools to be in a very prosperous condition; the Superintendent, teachers and pupils are all working together in a way that brings results and we wish to show our appreciation for their good work. We also wish to thank the Selectmen for favors received.

We refer to the reports of the Superintendent and Treasurer for further information regarding our schools.

The annual meeting of the Town District will be held in the school house at Grasmere on Saturday afternoon, March 16, at two o'clock.

All voters in the District are invited to be present.

GEORGE E. WHITNEY,
Chairman of School Board.

SCHOOL BOARD'S BUDGET FOR 1929-1930.

SCHOOL DISTRICT OF GOFFSTOWN (TOWN).

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1929.
